

**Monitor Reports by Product:**

1. Find the product of interest in the table below.

Note the process and/or package for that product.

2. Use the "Back" button to return to the home page.

3. Select the process in the "Process Reliability" for the product of interest.

4. Select the package in the "Assembly Reliability" for the product of interest.

<b>PROD</b>	<b>PROC</b>	<b>PACK</b>
